

Told to Post to Face Book **9-30-2022**: Since 2007 I have been communicating with 50 of different ET races about their culture, technology and intentions. It is my opinion that there is a vast network of ET civilizations that have a very similar political structure as our Earth's United Nations. Some of these ET nations have overlapping agendas; other have opposing agendas concerning the development of human evolution.

On **9-30-2022** I asked this question: Will Putin be able to hold on to those parts of Ukraine he annexed? My girls replied: "These territories will be ripped away! Ukraine will take them back! Ukraine will drive them back to Russia. Ukraine will take and hold some Russia lands, which will be returned to Russian during negotiations. By November of 2022 Putin will come to the "last bit of his power". This will be the 2rd collapse of the soviet union."

The increase in UFO sightings around the world is in support of Master Maitreya coming speech at the UN. At that time Maitreya will give an account of ET interactions with Humans down through History. He will also "suggest" a way forward in establishing diplomatic relations with the many ET races now visiting earth. The space brothers support human exploration of our solar system. If certain conditions are met, the ETs will gladly provide the technology to enable humans to reach to stars.
